2023 Product Catalog

American Made Outdoor Furniture

Who we are

We are a Mid-West company that has partnered with some of the best craftsman in the area to build long lasting, highly durable outdoor furniture that will withstand anything you can throw at it. Not only are all our products **USA MADE**, they are made in the Mid-West, and can easily be shipped.

The new standard in Outdoor Furniture, Poly lumber furniture (also known as poly furniture or resin furniture), is crafted from an eco-friendly, post-consumer material that is designed to last decades, even when exposed to the elements. Even though the back bone of **GREEN COUNTRY DÉCOR** is our folding Adirondack chair and table, at the request of our retailers we have since grown into a full line of other outdoor furniture.

Poly Outdoor Furniture is Eco-Friendly & Sustainable

For every 100 lbs. of poly, 1000 milk jugs - otherwise destined for landfills - find a new useful life. So, your new poly resin furniture is beautiful pieces of sustainable furniture.

Poly Outdoor Furniture is Maintenance Free:

Another benefit in poly outdoor furniture is that it is virtually maintenance free. Unlike wood outdoor furniture that must be frequently repainted, treated and cleaned of mildew - poly furniture maintains its beauty for decades. It is easy to clean from time to time with a little soap and water, or can easily be pressure cleaned without worry of taking off paint. If it is scratched or dinged, it is hardly noticeable since poly colors are true throughout the product - surface level.

Poly Outdoor Furniture is Durable:

Poly furniture is long-lasting and highly durable. It won't splinter, crack or warp and is both pest-resistant and weather resistant. Poly lumber outdoor furniture will hold up in extreme climates, from hot and humid Florida to the freezing temperatures of Minnesota. It is built to last for decades. While Poly furniture may cost more than wood furniture, the value added to your investment in outdoor furniture will carry on for many years.
